1. At the request of Mr. [REDACTED] the attached memorandum to the Chief, Management Staff, dated 30 January 1956, was held without action pending a meeting with him, Colonel [REDACTED] and me on February 17th. We discussed the present organizational set-up at [REDACTED] and the intent of Colonel White's memorandum of 5 January 1955 with respect to the operations of the Records Center.

2. It was the opinion of Mr. [REDACTED] 25X1A9a

that the Records Center should operate as a separate entity and be detached from the [REDACTED]. Their opinion was based on the fact that [REDACTED] can only provide support assistance and they are in a position to determine the operating requirements of the Records Center or give it proper support under the present arrangement because they do not know what the workload requirements will be until it is too late to provide adequate assistance.

3. Mr. [REDACTED] advised that he would discuss this matter with [REDACTED] and advise us when a proposal was ready for our consideration which would bring about a solution to the problem along the lines outlined above. In the interim, Colonel [REDACTED] agreed that he would do everything possible to remedy the required labor support, including a special request for the movement of approximately 60 boxes (about 200 cubic feet) of records for DD/P on the 23d of February.
